

Idyllwild Earth Fair 2025 Sponsorship

The Idyllwild Earth Fair is a family friendly community event produced by volunteers. From musicians who perform at the Earth Fair and artists who develop our promotional materials, to committee members who devote their skills to managing our website, organizing the exhibitors, creating promotional materials, and coordinating volunteers. many people share their talents and time bringing Earth Fair to life.

Some expenses are inevitable, such as rental fees, securing permits, covering the costs of our sound engineer as well as the printing of commemorative shirts and tote bags. This is where financial support is important.

We are asking your help in offsetting the costs of making Earth Fair happen. All donations are utilized for the production of Earth Fair. Your financial support helps ensure that Earth Fair successfully continues as one of Idyllwild's most unique community events.
